

Grace Hill Small Group and Personal Reflection Questions
Phil 1.1-11

1. The sermon argued for 4 foundation beams of a strong church from Phil 1.1-11. What are the foundations that you are building your life and faith on? How can you evaluate their effectiveness? What are the false foundations that you have identified to avoid that do not create a right foundation?
2. Consider reviewing Acts 15.36ff and 16.1-40, to trace the story of the creation of the Philippians' church. What do you expect in this story? What is unexpected in its specific details but generally what you expect of God? What is completely unexpected?
3. What is *your* story of how the Gospel created your life of faith?
4. How can you lay a better foundation in prayer? What ideas do you have for how Grace Hill can strength its foundation of prayer?
5. Of the seven occurrences of Christ in this passage (v.1 (2x), v.2, v.6, v.8, v.10, v.11) (see bulletin for topic list) which do you most need to allow to amaze and encourage you? Which do you need to let challenge and convict you?
